

Kazoops!

Rain Song

Chorus

I like playing when the sky is grey
And the rain is falling on my face.
I like playing when it's wet out side - I don't
mind going out in the rain.

Verse 1

I'm riding on a cloud with my raincoat on...
We float through the air and before too long I
see a puddle down below -
So off we go - let's have some fun!
Sail a leaf across a puddle sea.
Race a friend on a giant rubber ducky.
Ride a wave to the muddy shore - squelch
around.
'Cause that's what mud is for.

Chorus

I like playing when the sky is grey
And the rain is falling on my face.
I like playing when it's wet out side - I don't
mind going out in the rain.

Bridge

The rain's getting heavier - my oh my!
Cats and dogs are falling from the sky...
They don't mind getting wet - at all...
'Cause we're all having a ball.

Verse 2

Start a conga line with all our pals... Laughs and
snorts, woofs and meows.
Splashing in the puddles is the greatest thing...
The fun you can have when it's raining.

Chorus

I like playing when the sky is grey
And the rain is falling on my face.
I like playing when it's wet outside - I don't mind
the rain...

I like playing when the sky is grey
And the rain is falling on my face
I like playing when it's wet out side - I don't
mind going out in the rain
