Waterhole Song

Verse 1

"Come on in!" said a cheetah with a grin,
and "gee what a lovely day!"
"Let's get set, to get all wet, jump in, it's time to
play."

I've never seen a warthog jump so high and
make such a great big splash...
It's nothing that I'm not willing to try, I'll make a
bigger splash in a flash.

Chorus

Here in the savannah sun,
We're all having so much fun...

In the waterhole,
Swimming in the waterhole...
All my favourite pals,
are all different kinds of animals

In the waterhole,
Swimming in the waterhole.

Verse 2

A giraffe water skiing is a sight worth seeing,
you've never seen a happier soul...
An ostrich and a lion, a zebra and a monkey play
around with a big beach ball...

Verse 2 (Cont.)

It seems quite clear that everyone here are all
but the best of friends...
I've never had so much fun before and I hope it
never ends...

Chorus

Here in the savannah sun,
We're all having so much fun...

In the water hole,
swimming in the water hole...
All my favourite pals,
are all different kinds of animals.

In the waterhole... Swimming in the waterhole.

Bridge

We'll swing up too the sky, then take a break
down at pool side...
Chat with a cheetah, laugh with a lemur, buddy
with a buffalo
We can all be very best friends you know!

Chorus

Here in the savannah sun,
We're all having so much fun...

In the water hole,
swimming in the water hole...

All my favourite pals,
are all different kinds of animals.
In the waterhole... Swimming in the waterhole.
